

Jana “Dalyn” Lambert

Norman, OK // dalyn.boyd@gmail.com // linkedin.com/in/dalyn-lambert

Education

Oregon State University

BS Computer Science

Remote

December 2023

University of Oklahoma

BFA Drama/Theater Arts and Stagecraft

Norman, OK

May 2016

Professional Experience

NativShark

Full-Stack Engineering Intern

Remote

May - December 2023

- Drove new designs that addressed user complaints while enabling more efficient processes
- Built new authenticated routes based on business requirements and acceptance criteria
- Used Prisma to query complex database structures to fetch the data required for user dashboards and interconnected systems
- Integrated D3.js with React to drive dynamic data visualizations
- Documented tasks and processes in the team Notion workspace
- Pair-programmed with the Chief Technology Officer on new features

Certifications

The Joy of React

Online course by Josh W. Comeau

February 2023

- Modules include: React Fundamentals, Working with State, React Hooks, Component API Design, Full Stack React (focuses on Next.js)
